

# CHILDREN & ADOLESCENTS NEEDED FOR UMASS STUDY ON DOWN SYNDROME

## Does your child have Down Syndrome?

*Your child may be eligible for a research study about language, grammar, and learning.*

### **Time Commitment:**

4-6 hours of activities (including breaks) that can be completed in 1 or multiple visits, scheduled at your convenience

- You will receive \$75 for participation
- Travel is compensated for families >10 miles outside the Amherst, MA area
- You will receive a standard report following testing

We are taking many precautions related to COVID-19, including, repeated health screenings, physical distancing, and frequent cleaning/sanitizing for in-office study visits.

### **They may qualify if:**

- They are between 9-17 years old
- English is their primary language
- They speak using at least 2-3 word phrases
- They have a diagnosis of Down syndrome
